I thought I was going to throw up after the first couple of minutes of high speed hijinks, but soon enough it settled in and was a lot of fun. It's easy to start hacking around, trying to figure out what can be done and where. If you stick with it, you'll be rewarded with some cool areas. I only had a couple of minor issues. The first was when I landed on a spike ball and fell into the lava for a second time. That's when I died. It took some backtracking, but I was able to find the exit before then. I also saw a few glitches which led to my death. I think I had to do the same thing with the spiked balls to progress. One was that I used the door to get out of the lava pool, but I tried to do a rolling jump and landed on a spiked ball.” - Brave78 “The speed in which the game moves is consistent, so you're never lost or confused with the controls. The levels themselves are extremely addictive. I've played the game for over 50 hours and I'm still trying to beat the high score.” - java\_user5824 “It's like the old days of arcade gaming! I really enjoyed playing it! I only had one issue with the game. I was playing a game, and when I pressed a button, the button would not do anything!” - kliniac “Definitely one of the best arcade games I've played in a very long time. If you like variety and good platforming this is one to check out.” - shmoop “The speed in
